

The image features two large, thick black L-shaped corner brackets. One is positioned in the top-left corner, and the other is in the bottom-right corner. They are oriented towards each other, framing the central text.

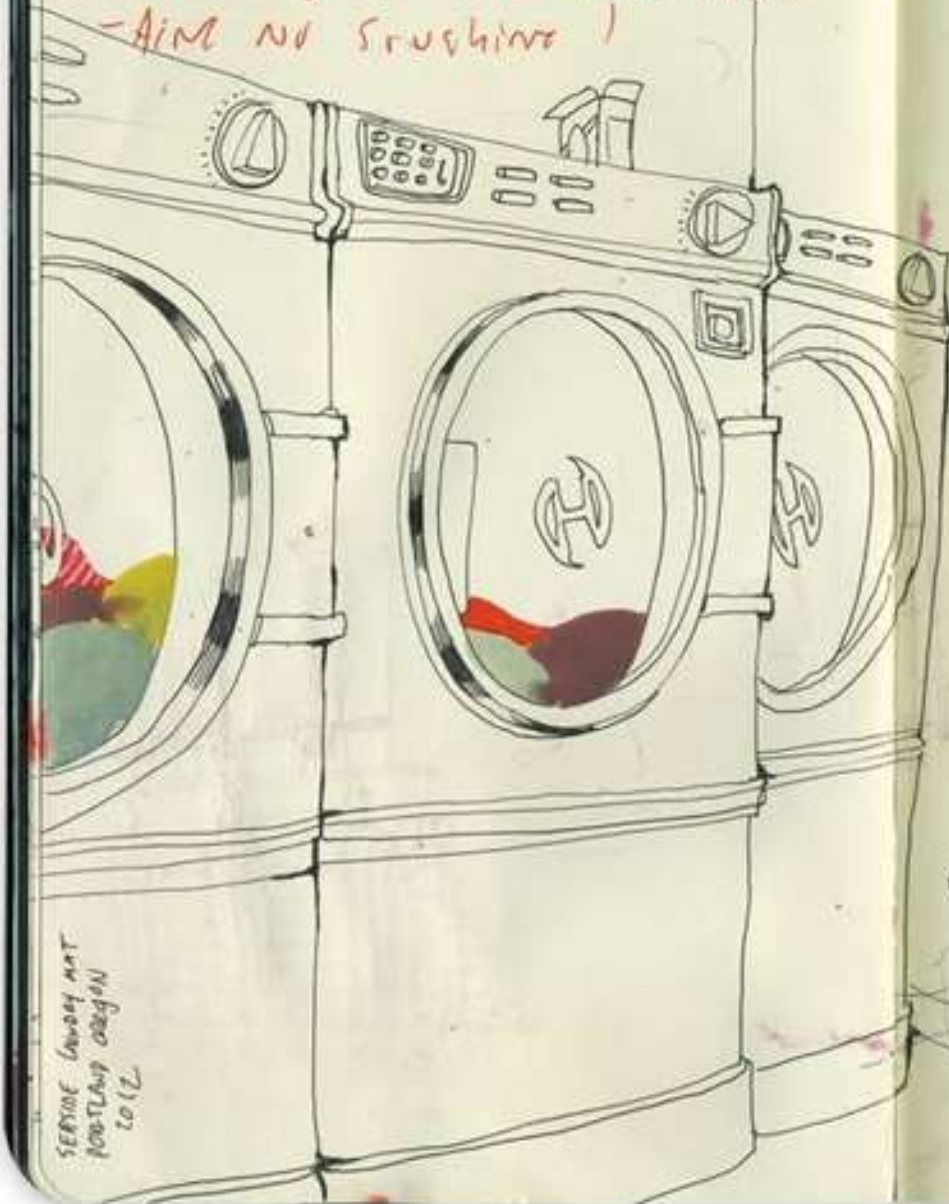

VISUAL JOURNAL

Contour with Accents

Requirements

- Create an observational image that spreads over two pages
 - *DIRECT observation is always great, but you could choose to observe a photo reference, as long as it is your own*
- Use contour line- primarily- to render your image
- Go back in with colorful accents or shaded accents in your choice of colored media: watercolor, colored pencil, or marker... do not color or shade the entire thing... Leave portions of your drawing open to the white of the page
- Incorporate some text in your piece. Some options:
 - *Over or underlap the images, use it decoratively, use it as observational notes, use quotes, song lyrics, create a narrative, write a poem, make a list.... Etc.*
- Optional: incorporate a collaged element. (the collaged element could also add color or texture)

- I got my mind set on you.
- Tempted by the Fruit of another.
- AIME NO SUSHIRO!
